Dear Mr Narasinga Rao,

With reference to your D.O. dated the 4th Instant, regarding the submission of workable proposals about the Old Pioneercherry sites, it is seen from the resolution of the Council dated 24-6-1911 that a plot of ground comprising two blocks measuring 130 X 146 feet and 120 X 180 feet was proposed to be given free of cost to Father Briand, Parish Priest, St. Joseph's Chapel, Bangalore, for constructing an Industrial School. This plot of ground is the one situated to the west of the present Post Office building and adjoining the Chapel. Father Briand has again applied for this piece of land as he intends to start an Industrial School for girls for sewing, Knitting, Crochet work, Lace making, and all kinds of Embroidery with the help of some Belgian Nuns who propose to open an Establishment in this part of the Country. A knowledge of these crafts will enable even ladies of respectable families to supplement the earnings of their families. An early reply will have to be given to Father Briand. I am in favour of granting him this land This

To

The Secretary to the Government of
His Highness the Maharaja of Mysore,
General and Revenue Departments,
Bangalore.

Sir,

I have the honor to submit herewith a copy of letter dated the 22nd February 1913 from Father Briand, Parish Priest, St. Josephs' Chapel, Bangalore City for the free grant of a piece of land to the south of the Church consisting of two plots measuring 130 X 146½ Square feet and 120 X 180 square feet, for the construction of an Industrial School for girls together with a copy of the resolution of the Council dated the 29th Ultimo deciding to give the land, free of cost, subject to certain conditions.

2. The above two plots will take up 13 of the 32 sites into which the whole land of the Old Pioneercherry was divided when the question of granting sites to the Siddicutta Brahmins came up. This is the piece of land that was decided to be given to Father Briand for an Industrial School by the Council in their resolution dated 24th June 1911.

Excluding the above 13 sites, the remaining 19 sites in the old Pioneercherry are proposed to be allotted to the owners of houses in Siddicutta adjoining the market as well as to the owners of houses in the other rows who may be willing to make over their houses for a fair valuation.

3. As the proposed construction of an Industrial School for girls is likely to benefit the poorer classes in the City,

Copy of letter dated 22nd February 1913 from Father Briand, Parish Priest, St, Josephs Chapel, Bangalore City, to the President, Municipal Council, Bangalore City.

---

With reference to your letter of the 15th February 1913 regarding my application for the grant of some site adjacent to the St. Joseph's Church, Bangalore City for opening a girl's Industrial School, I beg to state that the sites should be of sufficient size to enable me to construct immediately a school with a proper workshop, residental quarters for the nuns and a boarding house for orphans and other destitute persons whom the trade taught in the school will provide with a means of occupation I beg therefore that the plots marked in the plan prepared by the Municipal Engineer Nos. 5 and 6 measuring 130 X 146½ 120 X 180 feet, respectively be given to me free of cost. They are next to the Church compound and the construction of private houses in these sites is not desirable. I beg that you will kindly get the matter settled early, for which I shall be extremely thankful.
